What we did this week

We practiced writing big W and little w in our notebooks and practiced saying the sound it can make. We began our shape theme with circles and ovals. We searched for circles in our classroom, traced circles, made circle bracelets, and turned circles into creative pictures in our notebooks.

Wednesday friends went to chapel/music.
Tuesday/Thursday friends went to P.E.

Our Bible story was about Jesus rising on Easter!
Alleluia!

We read a lot of books and sang a lot of songs!

We played outside and in the gym!

Notes and Reminders

- Tuesday's hot lunch: macaroni and cheese.
- PS4: Bring your Bible Story Books back on your next day!

Quote of the Week:

Madelyn: "Never ever chicken dinner."

Coming up NEXT WEEK

Our letter of the week will be Xx. We will learn the sound Xx makes and practice writing it. We will continue our shape theme with triangles! We will talk about its characteristics - 3 sides and 3 corners and see that not all triangles look exactly the same. We will make triangle collages, do a shape sorting activity, and creatively turn triangles into pictures in our notebooks. We will read books and sing songs about triangles. Our Bible story will be about Jesus appearing after Easter.
